

Nueces Electric Cooperative

## NUECES ELECTRIC CHARITIES, INC. BIG THINGS HAPPEN WHEN YOU ROUND UP

Every time you pay your NEC bill, you're part of a bigger mission—thanks to Operation Round-Up, your membership has the power to transform lives in our community. Through Operation Round-Up, NEC members round up their electric bills to the nearest dollar. This change, which averages just \$6 per year and never exceeds .99 cents per month, supports Nueces Electric Charities, Inc. This fund awards grants to local nonprofits such as HALO-Flight air ambulance service and many others you might recognize, including Agape Ranch, STCH Ministries and Gulf Coast Humane Society.

## SIGN UP FOR OUR RESIDENTIAL CRITICAL CARE LIST

Nueces Electric Cooperative maintains a Residential Critical Care List that includes consumers who have a member of the household on life-sustaining equipment. For those who rely on life-support equipment at home, a power outage could be a matter of life or death. For those who qualify, when possible, NEC makes an effort to notify individuals on this list of planned outage or known pending emergency. Designation as a “critical care” consumer DOES NOT guarantee uninterrupted power supply. Take them to your doctor and they can fax the appropriate documents to us.

### Take these steps to prepare for power outages:

- Consider investing in a portable generator or learning more about our Generac Program, which can power vital equipment in the event of an extended outage.
- Make arrangements to move in temporarily with friends or family during a power failure if a generator is impractical
- Keep an adequate supply of prescription drugs and medical equipment on hand

ARE YOU PREPARED FOR THE WINTER WEATHER?

WE HAVE RESOURCES AVAILABLE ON OUR WEBSITE THAT CAN HELP YOU PREPARE.
