COOPERATIVE PRINCIPLES

THESE PRINCIPLES ARE VALUES THAT COOPERATIVES UPHOLD WHICH SET US APART FROM OTHERS

Cooperatives, like Nueces Electric Cooperative, operate according to the same set of core principles and values. These principles are a key reason that electric cooperatives operate differently from other electric utilities, putting the needs of our member-owners and communities first.

VOLUNTARY & OPEN MEMBERSHIP

Cooperatives are voluntary organizations, open to all persons willing to accept responsibilities of membership.

DEMOCRATIC MEMBER CONTROL

Cooperatives are controlled by their members, who actively participate in making policy decisions.

COOPERATION AMONG COOPERATIVES

Cooperatives strengthen the co-op movement by working together from local to international structures.

AUTONOMY AND INDEPENDENCE

Cooperatives are autonomous, self-help organizations controlled by their members.

MEMBERS' ECONOMIC PARTICIPATION

Members of the cooperative contribute fairly and control its capital democratically.

CONCERN FOR COMMUNITY

Cooperatives work for the sustainable development of their communities through policies accepted by their members.

EDUCATION, TRAINING, AND INFORMATION

Provide education & training for members, representatives, and all employees to contribute effectively to co-op development.

It is with immense pride and gratitude that we reflect on the remarkable journey we've embarked upon together in 2023. This past year has been a testament to the impact of unity, resilience, and the profound strength of powerful connections.

First and foremost, we are delighted to announce that Nueces Electric Cooperative achieved a significant milestone: a year of steadfast safety. Not a single safety incident occurred throughout the entirety of our operations, a testament to our collective commitment to the well-being of our employees and the communities we serve.

Alongside our community safety and engagement efforts, we prioritize the growth and development of our employees. Through consistently identifying appropriate training, we equip our team with the necessary tools to enhance their skills and contribute to the cooperative's success. By investing in our employees' professional development, we not only empower them to thrive personally and professionally but also strengthen the cooperative by fostering stable and powerful connections within our team and beyond.

Behind this accomplishment lies the dedicated efforts of each department within our cooperative. From Accounting to IT, Compliance to Engineering, and across all, our teams have worked tirelessly to foster a culture of excellence and collaboration.

FINANCIAL ACHIEVEMENTS

Thanks to our sensible investments and strong margins, we were able to allocate over \$5.9 million back to our members' patronage/capital credit accounts. This represents direct growth in NEC members' owner equity in the Co-op, and these funds are expected to be refunded to them in future years. In 2023, patronage capital of \$2,047,000 was paid back to our members. In addition, NEC Co-op Energy refunded \$3.75 million in Power Perks to NEC Co-op Energy members who purchased energy in 2023 and demonstrated their loyalty by remaining members.

In our commitment to fostering powerful connections, we strategically managed our financials to empower our cooperative's growth. NEC managed over 12,000 invoices totaling \$158,265,000 and closed 1,572 work orders, showcasing our dedication to operational efficiency and excellence. Through sensible investments in our infrastructure, including plant additions totaling over \$6,915,000.00, we fortified our foundation for future success. Reserving long-term debt since June 15, 2022, and optimizing vendor payments via ACH transactions, benefiting nearly 60 vendors, we demonstrated our commitment to financial responsibility and stability. By implementing the Frost Sweep Account, we generated over \$255,000.00 in interest for the cooperative, utilizing excess funds automatically transferred into the account for the benefit of both our cooperative and its members. This allowed us to maximize our resources to drive sustainable growth. Collaborating closely with NEC Co-op Energy, we ensured consistency in rates for Nueces Electric Cooperative and NEC Co-op Energy functions, solidifying strong partnerships to serve our members effectively.

OPERATIONAL EXCELLENCE

Our operations department has thrived in maintaining safety and skill throughout the year, achieving a 4.2% ESID growth in NEC Co-op Energy and a 1.4% increase in Nueces Electric Cooperative, with a 2% meter growth for NEC. While outage frequency rose slightly due to weather, average duration decreased. Our crews reached milestones with no lost-time accidents and over 3 million incident-free miles driven. They have continuously honed their craft by gaining knowledge through various in-house training and participation in Texas Electric Cooperatives (TEC) training at different locations across Texas. These efforts highlight our commitment to operational efficiency, safety, and continuous improvement, ensuring high standards for reliable member service.

BRIAN MENKING, NEC PRESIDENT

**A LEADERSHIP MESSAGE
FROM OUR NEC PRESIDENT
AND NEC CHIEF EXECUTIVE OFFICER**

As we uphold our commitment to operational excellence, NEC's IT Department achieved notable advancements: restructuring roles for enhanced efficiency and expertise, achieving budgetary success through vendor evaluation, and enhancing network resilience and cybersecurity. These initiatives play to our commitment in high performance, setting new standards within NEC's IT ecosystem and supporting the company's mission while safeguarding our members most sensitive personal information.

BUILDING POWERFUL CONNECTIONS FOR COMMUNITY GROWTH

Our members are at the heart of the cooperative and the jobs our employees commit to each and every day. Second to safety, we prioritize member satisfaction. In 2023, Nueces Electric Cooperative achieved an exceptional customer satisfaction score of 95, significantly surpassing the national average of 74. This score is a direct reflection of our commitment to providing outstanding service and catering attentively to your needs with a proactive approach.

Our commitment to community extends beyond providing utility services; we actively engage in volunteer work and career events, embodying our role as integral members of the communities we serve. From participating in Agape Bed Build events, which provide a place to sleep for many foster children, to embracing our vibrant company culture, we celebrate teamwork and community involvement. In 2023, our employees reported nearly 300 hours of meaningful volunteer work, showcasing their positive impact outside of the office.

ENERGIZING EDUCATION AND STRENGTHENING COMMUNITY TIES

Nueces Electric Cooperative takes great pride in its scholarship and charitable initiatives, awarding a total of approximately 17 scholarships, totaling \$35,000, to deserving students pursuing higher education in 2023. These scholarships include two \$4,000 scholarships in memory of Ramiro De La Paz and John L. Sims and ten \$1,000 scholarships. Additionally, there are two \$2,000 scholarships available to students attending 2-year or vocational colleges in Texas, as well as two \$5,000 scholarships designated for those completing a Lineman's College, which are available for application year-round.

With 38 applicants this year, these scholarships aim to empower the next generation of leaders and professionals, enabling them to pursue their academic and career aspirations with confidence.

In addition to the scholarship program, Nueces Electric Cooperative and NEC Co-op Energy remain committed to supporting local charities and organizations through Nueces Electric Charities, contributing a total of \$145,500 to various charities, including but not limited to Mission of Mercy and the Red Cross. This grant is made possible through our Operation Round Up Program, wherein our members voluntarily round up their electric bills to the nearest dollar. Members are not charged more than .99 cents per account each month. We extend our sincere gratitude to our members for their generous support of local charities and non-profit organizations.

The importance of giving is deeply ingrained in our company culture. Giving of time, talents, and financial support to local organizations fosters real change in the community. Ultimately, we give back because we want to see local organizations that carry out meaningful and impactful work throughout our communities thrive and grow.

As we reflect on the transformative year of 2023, we recognize the remarkable strides we've made together. From achieving milestones in safety to fostering operational excellence, each department's dedicated efforts have fortified our cooperative's foundation. We extend our sincere gratitude for your dedication, tenacity, and unwavering support. Here's to the strength of powerful connections – may they continue to light our path forward.

CURRENT DIRECTORS

DAVID ROSSE DISTRICT 3

David Rosse

Mr. Rosse believes that he qualifies for service as an NEC director because of his Certified Electric Cooperative Director training, Board Leadership Certificate, his experience serving NEC members as a director that helps him understand how the process works and his willingness to listen to all ideas and concerns that will help the co-op grow. Mr. Rosse resides in Kingsville, with his wife Norma Alaniz, and is the father of six children - Oscar David, Charles William (wife, Sarah), Maranie May (husband, Scott), Morgan Marie, April Nicole, and Joe David - and the grandfather of four - Mason, Landon, Maysie, and Isabel.

David Rosse grew up as a member of an NEC family. He, himself, has been a member of NEC for 42 years. His grandfather was an NEC director for 32 years. Mr. Rosse was elected as an NEC director in 1988 and has served as director for the past 30 years. As an NEC director, Mr. Rosse currently serves as secretary-treasurer for NEC and as director for San Miguel Electric Cooperative - one of NEC's power suppliers. He additionally serves as the chair of each of the following committees: Strategic Planning, Retail Market and Governance.

Mr. Rosse is the Kleberg County Commissioner for Precinct 1. Mr. Rosse believes that the most important role NEC directors have is to ensure affordable, reliable energy to our membership and to represent the membership in the decision-making processes of the Co-op.

MINUTES OF THE ANNUAL MEETING

CALL TO ORDER

The 85th Annual Meeting was held October 12, 2023, at the Richard M. Borchard Regional Fairgrounds. President Brian Menking called the meeting to order at 7:00pm. Director David Rosse served as Secretary. Upon determining that a quorum was present, the meeting was called to order by President Brian Menking.

Pastor Nat Simmons, Annville Baptist Church, delivered the invocation.

RECOGNITION OF THE YOUTH TOUR DELEGATES

President, Brian Menking introduced the 2023 Washington D.C. Youth Tour Delegates who also received a \$1000 college scholarship.

RECOGNITION OF THE HALO FLIGHT PROGRAM

President, Brian Menking introduced Halo Flight as the recipient of the Nueces Electric Charities Community Grants.

READING OF PROOF OF MAILING OF MEETING NOTICE

President Menking read the “Proof of Mailing of the Notice of the Annual Meeting.” After the reading, the document was submitted to be attached to the official minutes of the meeting.

MINUTES OF THE 2022 ANNUAL MEETING

President, Brian Menking stated that the minutes of the 2022 annual meeting had been provided in the October 2023 issue of the Texas Co-op Power Magazine and the Annual Report Booklet. Upon calling for corrections or additions to the minutes, a motion was made, seconded, and duly carried that the minutes of the 2022 Annual Membership Meeting be adopted and published.

TREASURER’S REPORT

President, Brian Menking stated that the Treasurer’s Report had been provided in the October 2023 issue of the Texas Co-op Power Magazine and the Annual Report booklet. A motion was made, seconded, and duly carried to approve the report as published.

PRESIDENT AND CEO REPORTS

A video of staff and Board President Brian Menking was shown to our membership in attendance.

MEMBER VOTING

In 2020, the NEC membership approved amending the Bylaws to add Article III, Section 6, Uncontested Election, which states “In accordance with Robert’s Rules of Order, Section 46, (11th edition), as amended, in the event only one person is nominated for a position, then the meeting chair may declare that the nominee is elected by unanimous consent or acclamation.”

It was declared Rumaldo Juarez – candidate for District 1, Director Gregg Truesdale – candidate for District 2, and Donald Wayne Herrmann – candidate for District 4, are elected by acclamation; all for three-year terms.

NEC RETAIL MEMBER REFERRAL PROGRAM WINNERS AND PRIZE DRAWINGS

Chief Retail Officer Frank Wilson announced the NEC Co-op Energy Referral Program winners. NEC Co-op Energy member MPM Homes received a \$500 electric bill credit for first place and DR Horton received a \$250 electric bill credit for runner up. Prize drawings were held after referral program winners were announced.

ADJOURNMENT

There being no further business, a motion was made and seconded to adjourn the meeting at 7:30 p.m. Motion carried.

David Rosse, Secretary

Approved: Brian Menking, President

NUECES ELECTRIC CHARITIES

STRENGTHENING COMMUNITIES

Imagine the potential when we all give back. Contributing to the communities we serve is a fundamental cooperative principle. The Operation Round-Up program is an excellent way for the co-op and its members to create big change with our small change. Operation Round-Up is a simple billing option that allows members to round up their electric bills to the nearest dollar. The donation never exceeds 99 cents per month, but every penny counts. Nueces Electric Cooperative deeply appreciates your generosity and support.

Powerful Connections means that as a community, we are all interconnected and ready to lend a helping hand. We provide support wherever it's needed. Members are encouraged to continue donating a few cents each month to positively impact our communities. The powerful connections we share has allowed Nueces Electric Charities to **AWARD \$145,500 TO 30 COMMUNITY CHARITIES IN 2023**, strengthening our local charities.

Grant deadlines are January 15 & July 15 of every year.

2023 GRANT RECIPIENTS

2023 YOUTH LEADERSHIP TOUR

NEC sponsors two (2) local youth on the Government-in-Action Youth Leadership Tour each year. This is an all-expense-paid trip for high school juniors who are dependents of members. They are provided the opportunity to tour national historic sites, experience cultural diversity, meet U.S. congressional representatives, and learn about electric cooperatives. NEC also awards Youth Tour recipients each a \$1,000 scholarship, provided they attend an accredited Texas university or college.

2023 SCHOLARSHIP AWARD RECIPIENTS

Nueces Electric Cooperative has established the Ramiro De La Paz and John L. Sims scholarship programs. These scholarships are funded by escheated capital credits—money from former members that we could not locate to refund. The State of Texas allows us to retain some of these undeliverable funds to support our scholarship program. Each year, NEC awards college scholarships to high school seniors who are dependents of cooperative members. These seniors plan to attend universities, colleges, or trade schools in Texas. We are proud to support their education in line with our cooperative principles.

14 HIGH SCHOOL SENIORS

FROM 7 LOCAL HIGH SCHOOLS

AWARDED A TOTAL OF \$27,000

GABRIEL GARCIA
LINEWORKER COLLEGE SCHOLARSHIP RECIPIENT

Having graduated from the Del Mar Electrical Line Work program, Garcia underwent rigorous training to adeptly serve his community. Presently, he is dedicated to ensuring uninterrupted power supply for patrons of the neighboring electric cooperative, San Patricio Electric Cooperative.
