

# Nueces Electric Cooperative

**A LITTLE GOES  
A LONG WAY**

**SUPPORT  
LOCAL  
CHARITIES**

**TOUCH  
THOUSANDS  
OF LIVES**

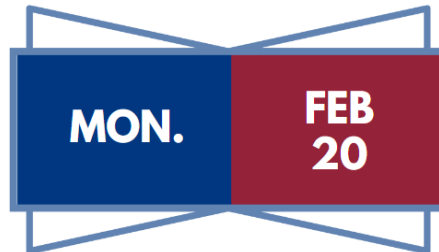

**APPLY FOR  
GRANTS**

Did you know that when you became an NEC member, you started changing lives? Your membership helps support local charity organizations through **Operation Round-Up**. Through Operation Round-Up, NEC members “round up” their electric bills to the next dollar. The change adds up and goes to a non-profit fund called **Nueces Electric Charities, Inc.** Nueces Electric Charities (on behalf of all participating NEC members) then awards grants to nonprofits. Annual contributions per year never total more than \$6. **Thank you for contributing to what makes Nueces Electric great!**

**In 2022, about \$140,000 was granted to local community organizations & charities on behalf of NEC Members**

- Educating Children's Future Community Center

## OFFICES CLOSED

Nueces Electric Cooperative offices will be closed on Monday, February 20th, 2023 for All Employee Training. In accordance with Cooperative Principle No. 5: Training, Education & Information, NEC works hard to ensure our employees are skilled, dedicated and ready to meet the needs of our members.

# TAKE OUR BROADBAND SURVEY!

We urge you to take the survey as we are still looking into options on offering broadband services. If you have already taken this survey, we encourage you to retake it.

Residential  
Critical  
Care List

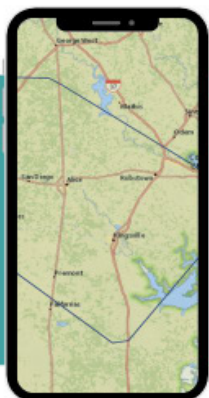

SCAN ME

Nueces Electric Cooperative maintains a Residential Critical Care List that includes consumers who have a member of the household on life-sustaining equipment. For those who rely on life-support equipment at home, a power outage could be a matter of life or death. For those who qualify, when possible, NEC makes an effort to notify individuals on this list of a planned outage or known pending emergency. Designation as a "critical care" consumer DOES NOT guarantee uninterruptible power supply. **Scan the QR code to download the Critical Care forms. Forms can be picked up at any NEC office.** Take them to your doctor and they can fax the appropriate documents to us.

### Take these steps to prepare for power outages:

- Consider investing in a portable generator that can power vital equipment in the event of an extended outage
- Make arrangements to move in temporarily with friends or family during a power failure if a generator is impractical
- Keep an adequate supply of prescription drugs and medical equipment on hand

### SEE OUTAGES IN REAL TIME USING THE NEC OUTAGE VIEWER
