JOE'S SAFETY CORNER

In honor of electrical safety month this May, here is a checklist to make sure your home and family stay safe around electricity.

- ✓ Label your home's electrical system to know what each breaker controls.
- ✓ Check cords for damage to avoid shocks and fires.
- ✓ Use surge protectors to shield electronics from power surges.
- ✓ Ensure you use the correct wattage for light bulbs to avoid overheating and fire risks.

ARE YOU PREPARED FOR HURRICANE SEASON?

JUNE 1ST - NOVEMBER 30TH

Preparedness Checklist:

- Evacuation Plan
 - Check activated routes on [DriveTexas.org](https://www.drive-texas.org) or call 1-800-452-9292.
 - Determine if your area is an evacuation zone by calling 211.
- Emergency Alerts:
 - Register your mobile device to receive Wireless Emergency Alerts (WEAs).
- Emergency Supply Kit:
 - Build your kit with guidance from [Ready.gov](https://www.ready.gov).
 - Ensure your home insurance policy is up-to-date.
 - Consider investing in an NEC generator for reliable backup power in emergencies.

Special Assistance Registration (STEAR):

- Register: Visit stear.tdem.texas.gov or call 211.
- Eligibility: Suitable if you have a disability, medical needs without evacuation support, or rely on electric-powered medical equipment.
- Details: Enroll as Critical Care or Chronic Condition for outage preparation. Always have an emergency backup plan. Registration is confidential.
